Epson WorkForce ES-60W / ES-50
Portable Colour Scanner

Perfect for busy professionals, the Epson WorkForce ES-60W and ES-50 are designed for simple and effective document management within the home, office or mobile environments. Businesses who have a requirement to scan receipts, brochures, cards or other documents can improve retrieval time and desk space with these intuitive new scanners. Designed for business people who are engaged in field work, which requires simple and effective digitising of paperwork for sharing or archiving.

KEY FEATURES & BENEFITS

- Wirelessly scan critical documents – scan and send receipts, statements, business/ plastic I.D. cards to your smartphone, tablet, Mac®, PC or popular cloud services[1]

- Lightweight and travel-friendly – at 300g, get the portability you need to capture data while on the road; battery or USB power source

- Scan directly to popular cloud services[1] – scan to Google Drive™, Evernote®, SharePoint®, OneNote®, SugarSync®, OneDrive™, Dropbox™ and more[2]

- Create editable text and searchable PDFs[3] – OCR and document management suite included for PDF and PDF/A files via Epson ScanSmart software

- Powerful software included – Epson ScanSmart.

- Connect to document management software– TWAIN driver supported

- Advanced colour and image adjustments made easy – Variable Colour Enhance, Colour Dropout and other innovative features[4]

- Versatile scanning for a variety of originals – scan from business cards and other important business documents easily using an intuitive LCD panel

The wireless* portable scanner for smartphones, tablets, computers and more

Stay organised and go paperless, wherever business takes you, with the WorkForce ES-60W wireless* portable colour document scanner.
At just 500g, you can easily slip it into your briefcase and go.

Quickly scan receipts, business cards and more to smartphones, tablets, laptops or cloud services[1] including Google Drive, Evernote and SharePoint[2]. With tools such as text enhancement, skew correction, Colour Enhancement and Colour Dropout[4], scanning documents into editable text and searchable PDFs[3] has never been easier. It also includes a TWAIN interface to support third-party document management software.

Battery-powered and lightweight, the ES-60W or ES-50 is perfect for busy mobile professional.

Organisation on the go

Both weighing just 300g, the **WorkForce ES-60W and ES-50** are the ideal choice for busy professionals on the go. Take it with you in your shoulder bag or briefcase and quickly capture data in the office without leaving your desk or on the road.

Travel-friendly

Connect the scanner to your laptop as a power source, or leave the USB cable at home — these devices include battery operation for the ultimate in portability.

*ES-60W includes WiFi, ES-50 includes USB connection only

Mobile scanning made easy

Scan to cloud

Scan Wirelessly

Wirelessly scan to smartphones and tablets[1]

Scan documents directly to your iOS®/Android™ smartphone or tablet with the Epson DocumentScan App.

You can preview the scanned data and send it to email, directly to other applications, or to the cloud[1].
• Edit scanned pages — multi-page rotation or re-ordering
• Auto document size detection — up to 215mm x 35.5mm
• Auto image type detection

Special scanning features included
• Clear, crisp image quality — up to 600 dpi resolution
   Scan Searchable PDF's, editable Word and Excel files
• Auto document size detection — up to 215mm x 355mm
• Scan documents up to 215mm x 910mm[5]
• Text enhancement for Colour, Black-and-White and Greyscale[4] — for improved OCR accuracy
• Auto image type detection
• Image skew correction[4]
• Removes punch holes from scanned images[4]

Colour Enhance[4]
Colour Enhance allows users to select and enhance a Colour from the RGB Colour channels when scanning in Black-and-White. This can help bring out a particular element that might not otherwise show up clearly in a Black-and-White scan, such as a signature made with a light-blue pen.

---

1 For ES-60W Wirelessly scan to smartphones or tablets (Android/iOS devices) via the Epson DocumentScan app; wirelessly scan to the cloud, PCs or Macs with Epson Document Capture software, installed on the connected Windows PC or Mac.
