BRACELET SIZE GUIDE

Important: Before measuring your bracelet size, be sure this guide is printed in US Letter size and scaled to 100%. You can check the accuracy of your print by measuring the ruler at the bottom of the page.

Cut out this ruler and wrap it tightly around your wrist bone to find your wrist measurement. We recommend adding 1/2 inch for your correct bracelet size. When measuring in between sizes, it is best to round up so that it is not too tight.
