BIOACTIVE™ LIQUID BIOLOGY BUNDLE

BIOACTIVE LIQUILIFE™ & BIOACTIVE LIQUID SUPERCHARGER™

Soil biology matters! To offer the most beneficial microbes, nutrients, and sugars, BIOACTIVE LiquiLife™ and BIOACTIVE Liquid Supercharger™ are brought together in one easy-to-use bundle.

BIOACTIVE LiquiLife™ is a liquid biological concentrate that preserves and delivers diverse beneficial microbes for any soil type. LiquiLife improves plant vigor and nutrient uptake, which can increase tolerance against drought, salt, heat, and stress. It brings life back to your soil.

BIOACTIVE Liquid Supercharger™ infuses your soil with trace minerals and living microbes to give you nutrient-dense vegetables and fruits and bigger blooms. It supercharges your soil.

DIVERSE
BIOLOGY
IN AN
EASY-TO-USE
LIQUID

“SINCE STARTING TO USE BIOACTIVE LIQUILIFE™ OVER LAB CULTURED PRODUCTS, I’VE EXPERIENCED MORE CONSISTENT GERMINATION RATES WITH A SHORTENED DORMANCY WINDOW, A VERY NOTICEABLE NUTRIENT BIOAVAILABILITY UPTAKE IN SOIL APPLICATION AS WELL AS DISEASE SUPPRESSION PROPERTIES FROM FOLIAR APPLICATIONS. I GROW IN BOTH CONTROLLED AND NATURAL ENVIRONMENTS AND WILL NEVER STOP USING THIS PRODUCT.”

BIOACTIVE™ LIQUID BIOLOGY BUNDLE

BIOACTIVE LIQUILIFE™ & BIOACTIVE LIQUID SUPERCHARGER™

MANURE FREE

Product Specifications:

- BIOACTIVE LiquiLife™: A healthy diversified liquid biological with hundreds of species of bacteria and fungi.
- BIOACTIVE Liquid Supercharger™: A carefully handcrafted blend of sugars and amino acids to promote plant vigor.
- Designed to stimulate growth, promote stress tolerance, and improve nutrient uptake.

IMPROVES YOUR SOIL AND INCREASES NUTRIENT EFFICIENCY

“WE TRANSPLANTED AROUND 300 BEET PLANTS IN OUR HIGH TUNNEL THAT WE STARTED IN THE GREENHOUSE. I POURED A LITTLE LIQUILIFE™ IN EACH HOLE AND I HAVE TO SAY I HAVE NEVER SEEN A PLANTING LOOK SO STRONG RIGHT OUT OF THE GATE. I AM EXCITED TO USE IT!”

- Paul, Serenity Farm

Application Instructions

1 Tbsp (15 mL) BIOACTIVE Liquid Supercharger™ + 1 Tbsp (15 mL) BIOACTIVE LiquiLife™ + 1 Gallon (3.78 L) Water = UP TO 250 SQ FT OF COVERAGE

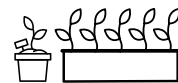

1. Gently agitate each container.
2. Mix 1 Tbsp BIOACTIVE LiquiLife™ and 1 Tbsp BIOACTIVE Liquid Supercharger™ with 1 gallon of water.
3. Apply weekly as a soil drench treatment or directly to plants between regular waterings.

BIOACTIVE™ Application Rates

Outdoor Native Soil

Mix as directed into 1 gallon of water once per week between regular waterings. Covers 100 - 250 sq.ft.

Pots, Containers, Raised Beds

Mix as directed into 1 gallon of water as a weekly soil drench treatment between regular waterings.

Seed Starting

1 Tsp BIOACTIVE LiquiLife™ + 1 Tsp BIOACTIVE Liquid Supercharger™ + 1 gallon of water. Use as weekly soil drench treatment between regular waterings.

General Indoor Use Recommendations:

1. Apply within 24-48 hours of combining BIOACTIVE LiquiLife™ and BIOACTIVE Liquid Supercharger™.
2. Store in a cool place out of direct sunlight.
3. Do not freeze.

Remember: supporting broad-spectrum soil biology makes all other fertility inputs more available to the plants. Always test a small area with reduced fertility inputs, and dial back on existing fertility if necessary.
