# BIOACTIVE™ SUPERCHARGER

EXCELLENT FOR EDIBLES AND ALL PLANTS

Purple Cow BioActive Supercharger does exactly what the name says: It supercharges your plants, providing them with trace minerals to produce nutrient dense vegetables and fruits. When your plants are healthier, you are healthier. BioActive Supercharger contains humates and kelp meal - which provide Nitrogen, Potassium, Calcium, and other trace minerals. It is a soluble powder that is meant to be used in Purple Cow CX-1 or water, and is an easy-to-use way to feed your plants "immediately."

"WE USED CX-1 IN 2019 WITH TREMENDOUS SUCCESS...WE APPLIED CX-1 AND A LITTLE [BIOACTIVE SUPERCHARGER] EVERY SEVEN DAYS STARTING IN MID-MAY. WE HAD TWO SOLID CYCLES OF PRODUCTION AND HARVESTED AN ADDITIONAL 30 DAYS LONGER THAN USUAL; THE DIFFERENCE WAS CLEARLY CX-1 [AND BIOACTIVE SUPERCHARGER]. HOME RUN ON YIELD

AND DISEASE SUPPRESSION." - Matt Martin, The Martin Family Farm

SUPPLIES  
ORGANIC MATTER  
AND TRACE  
MINERALS AT THE  
LEAF SURFACE

## USE RECOMMENDATIONS:

Use 1 tablespoon per 1 gallon of Purple Cow CX-1 or water

1 gallon of mixture can be used on up to 250 sq ft

Once dissolved in liquid: Use as soil drench or apply to plants/leaves

Apply as often as weekly

For indoor and outdoor plants

“TOP PIC IS APRIL 3, BOTTOM IS APRIL 30.  
A CUSTOMER ASKED WHAT SOIL AND FERTILIZER DO  
WE USE TO GET THEM SO BIG. MY ANSWER: PURPLE  
COW ORGANICS.”

- Brad Wynne, Veg Out Gardens

## Why Use BioActive Supercharger

**Soluble** - Works in water or Purple Cow CX-1, great for watering cans and tank or backpack sprayers. Also can be sprinkled over soil and watered in

**Quick Results** - Feeds the plant “immediately” at the leaf surface in addition to the root system
