ORGANIC**

# Purple Cow INDICANJA

## ENABLES NUTRIENT-DENSE PLANTS

Purple Cow IndiCanja is a scientifically formulated and tested organic soil media that enables the growth of nutrient-dense plants. IndiCanja contains the necessary minerals, nutrients, and biology, for both flowering and fruiting plants that have high nutrient requirements, making it easier to grow heavy feeders like peppers, tomatoes, mums, and more! Developed for professional growers and home gardeners with the care and attention to detail that is our hallmark.

**WATER ONLY!**

**CLEAN & PURE**

**NUTRIENT DENSE**

“THE SOIL PERFORMED EXACTLY HOW I HAD HOPED. IT’S EASY TO USE, GREW FLAVORFUL TOMATOES AND CUCUMBERS, AND PRODUCED AMAZING BLOOMS THAT LASTED LONGER THAN OTHER OTHER SOIL MIXES. GRAB THE BULL BY THE HORNS WITH PURPLE COW’S INDICANJA FOR NUTRIENT DENSE AND BOUNTIFUL YIELDS.”

# Purple Cow INDICANJA

MANURE  
FREE

## Ingredients:

- Purple Cow Compost
- Sphagnum Peat Moss
- Perlite
- Bone Meal
- Kelp Meal
- Potash
- Poultry Litter
- Volcanic Ash
- Calcium Sulfate Dihydrate

## Product Specifications:

- 100% plant-based compost
- Includes rock and sea minerals
- Weed seed and pathogen free

MEETS ALL OF THE  
PLANTS' NEEDS WITHOUT  
ADDITIONAL INPUTS

## USE INSTRUCTIONS:

- 1 Choose the appropriate size container.
- 2 Add a small amount of moistened Purple Cow IndiCanja to the bottom of the new container.
- 3 Remove the plant from its container by turning it upside down.
- 4 Set the root ball of the plant on top of the mix and in the center of the pot.
- 5 Water thoroughly with tap water until at least 10 percent of the applied water exits through the drainage hole.

"THIS MIX FED MY PLANTS PERFECTLY ON ALL LEVELS. I GROW EVERYTHING FROM TOMATOES TO STRAWBERRIES IN INDICANJA. THROUGH MULTIPLE FROSTS, SLEET, AND SNOW, I'LL STILL BE HARVESTING FRESH ROMAINE AND BUTTERHEAD LETTUCE INTO NOVEMBER" - Michigan Pro Grower

## What makes Purple Cow IndiCanja different?

- Nutrient-dense material for home gardeners and professional growers.
- Supports the goal of cultivating more nutritious, and hearty, fruits and vegetables.
- Contains a complete spectrum of essential nutrients for healthy plants.
- It's easy! Organic and "ready-to-use" requiring no additional fertilizer or nutritional inputs.
- Contains essential nutrients and organic matter that may naturally increase water uptake.
- Expertly crafted by a professional grower.
