## Fabric Choice & Combinations

- Our “go to” fabrics are **Quest**, **X2** and **Oceanic** from the Camira ECO range. These fabrics are made from post-consumer plastic which are high performance, easy to clean and meet the highest fire safety standards
- We can manufacture to most fabric band choices. You can select different colour combinations e.g. for back, cushion and sides
- Call us to discuss your requirements

## Product Overview

### Castor Wheels

Designed to be “**best in class**” the Yo-Yo POD® moves around easily, dynamically, and safely with total lock system. The precision ball bearing and swivel head delivers unrivalled turning circle with an industrial strength and load bearing of 520 KG. The wheel housing is made of Polyamide and is non-marking.

### Battery Power

For optimal mobility, the entire Yo-Yo POD® unit can be **self-battery powered**. The Bachman MOV:E battery power provision solution provides a **full charge life: Min. 8-10 hours Max. 2-3 days**. This is an additional option.

### Roof Lighting

**Sensor controlled** LED lighting turns on as someone enters the Yo-Yo POD®. **Light turns off** automatically 15 minutes after the the pod has been vacated.

### Desk Power

**2x UK 3 PIN with USB-A & USB-C** power solution can be **mounted on table** for excellent power provision. This is an additional option.

### Seat Storage (Battery & Seat Power)

Seat tops are easily removable to access generous storage compartment below. Power supply feeds in and out of one Seat Storage unit. A power lead feeds through a hole in the base frame so battery can be charged from the mains directly from the Pod. Also a **2x UK 3 PIN with USB-A & USB-C** power solution can be **integrated below seat** for excellent power provision as an additional option.

### Acoustics and Fabric

Yo-Yo POD® is available in a wide variety of fabrics and colours. Our standard fabric options are made from **100% recycled materials**, but we can also match custom fabric needs. The fabric is wrapped over an acoustic padding layer to **reduce surround sound by as much as 65 dB** – delivering a quiet and calm work environment.
