Alpaca, Paint, and Paint with Penned Cabinetry Agreement. Applies to Maple Door Styles.

Dear Kemper Emerge Customer,

Congratulations on your selection of Kemper Emerge cabinetry. Because of their unique characteristics, these finishes are quite different from other cabinetry finishes you may be familiar with. Your satisfaction is important to Kemper Emerge, and we want you to fully understand the characteristics that make painted finishes so distinctive.

It is important to realize that the beauty of wood cabinetry really comes from the natural qualities of wood itself. Kemper Emerge utilizes only select solid hardwoods and hardwood veneers. The beauty of these genuine woods lies in the variations of grain. The textures of those natural grain patterns often remain visible and should be accepted as inherent characteristics when selecting cabinetry. Grain patterns will be more visible on semi-translucent finishes.

In addition, as the wood naturally expands and contracts with varying weather conditions, slight joint separations may occur; these may become visible as small cracks in the finish, particularly in joint areas. When ordering painted or brushed Maple 5-piece styles, center panels may be constructed of MDF material. **Joint separation may be more apparent on mitered doors; therefore, the finishes listed above are not recommended for use in environments with extremely high or low humidity levels.** Also, over time, there may be a slight color shift in these finishes due to continued exposure to natural and artificial light sources. We mention these characteristics because neither Kemper Emerge nor your Kemper Emerge dealer can be responsible for these conditions and variations.

Accordingly, Kemper Emerge orders for cabinetry with the above listed finishes must be accompanied by this letter of agreement bearing the customer's signature.

I have read the foregoing and find that the characteristic variations of wood are desirable. As such, I agree not to hold Kemper Emerge and/or the Kemper Emerge dealer listed below responsible in the event that these characteristics are later found by me to be less desirable than I had expected.
