Sewa International’s Toilet and Hygiene Project for the Girl Child was conceived to provide sanitation facilities to girls who belong to the vulnerable section of Indian society. Since 2015, our sanitation projects have benefited 7,927 families and 33,998 school children from various sections of Indian communities.

Connect with us:

554 Toilets
7,927 Families
33,998 Students
7 Indian States
Through these extended services, we are able to focus on the overall development of the girl child (Sanitation, Healthcare, Education and Community development).

Our Services

Sewa International is building toilets in these three sections of society:

2. Rural India: Bio-toilets built in schools and villages across Karnataka, Tamil Nadu, and Uttar Pradesh, benefiting 4,707 families.
