Sewa International’s Toilet & Hygiene Project for the Girl Child

Empowering India... one community at a time

Started in 2015 influenced by Swacch Bharath (Clean India) mission, Sewa international has taken up the task of installing eco-friendly toilets.

Pre-fabricated Bio-toilets are installed in government guaranteed permanent land dwelling slums, government schools and rural India, majorly benefitting women and girl students.

The project has so far, reached out to Karnataka, Tamil Nadu, Maharashtra, Uttar Pradesh, Arunachal Pradesh and West Bengal.

554 toilets built across India..
Benefitting
7,927 families and 33,998 school children..

Dropout from school? Should I wait for **TOILETS** to be built?

Help Us Build More Toilets
