Spearmint
*Mentha Spicata* Essential Oil

Spearmint has great benefits for the digestive system and relieves flatulence, constipation, and nausea. It’s a great oil to use on children since it’s not as warm as other mint oils.

Size: 15ml
Size: 5ml

**Application Methods:**
- Can be used topically
- Can be used internally
- Can be used aromatically

**Primary Benefits**
Aids in digestion and occasional stomach upset, promotes a sense of focus and uplifted mood, stimulating to the mind, cleanses the mouth and aides in fresh breath, calms itching

**Description**
Spearmint is a far more gentle oil than peppermint, making it an ideal oil to use on children. It has great benefits on relieving flatulence, constipation, vomiting and nausea. It also is a great aid to the respiratory tract, relieving coughs, bronchitis, asthma, catarrh and sinus congestion. On the skin it calms itching and is very stimulating to the mind. For female health it can help to calm the flow of heavy periods and release urine retention. It’s wonderfully cleansing and uplifting, making it ideal to evoke a sense of focus and positive mood.

**Uses**
- Diffuse to uplift mood and stimulate the mind
- Add to water or drink to help with occasional stomach upset
- Diffuse to help with vomiting, colic, flatulence, headaches, migraines, nervous conditions, asthma, bronchitis, and sinusitis
- Use with carrier oil or in bath to help with nervous conditions and to relieve itching
- Add to base cream to help for itching

**Properties**
Antiseptic, Antispasmodic, Carminative, Cephalic, Emmenagogue, Insecticide, Restorative and Stimulant
