

2023

HARMONIC ARTS

IMPACT REPORT

Harmonic Arts provides effective and easy-to-use herbal products that empower everyone on their path to wellness. In alignment with our core values, we continuously strive to nurture the connection between people and planet.

ENVIRONMENT

Within our commitment to continuous improvement, we invest in the most sustainable options available to reduce our impact on the planet.

92% of herbs sourced are certified organic or wild harvested

83% of our packaging was compostable or recyclable

Our Artisan Tea bags kept the equivalent of 17,453 plastic bottles from the ocean

Our packaging diverted 72,409 lbs of waste from landfills

WORKSPACE

We believe that sustainable action starts in-house, and have cultivated a working environment that is safe, fair, and centered on growth and support.

Certified Green through Vancouver Island Green Business Collective

We switched to carbon-neutral, forest-free Sugar Sheet copy paper

Earth Warriors picks up our compost every week, including paper products

We formed a Justice, Equity, Diversity, and Inclusivity committee

COMMUNITY

Giving back means leaning in to the needs of our community. We're proud members of 1% For The Planet, and support local conservation efforts.

We're proud to announce that as of June 2023, Harmonic Arts is a certified B Corporation. This journey has been a testament to our ongoing commitment to be a force for good and demonstrating our purpose through action. We're grateful for all the effort that everyone on the Harmonic Arts team contributed to this achievement, and we're excited to continuously improve our operations to support both people and planet.

To date, we've donated over \$79,000 to the Cumberland Community Forest Society

We donated \$3,195 of funds and products to value-aligned organizations and events

90% of our retailers were small businesses
