

Model: 16014

Designed for smaller hands with an integrated scoop design, the 16014 can scoop material out of bags or cans so you do not need to touch the material you are spreading. With the 4LB capacity, the 16014 makes for quick work of spot spreading. The spreader is designed for those hard-to-reach places in your yard.

Arm rest in stowed position

Extend the arm for easy use and more support

Improved impeller allows for better spread
