

FLAGSHIP

45 lb bag covers 15,000 sq ft

Yard Mastery™ Flagship 24-0-6 contains macronutrients nitrogen and potassium to stimulate and support healthy lawn growth and dark green color. 25% slow release nitrogen ensures a longer lasting result. Also in the bag is 3% iron to push the green darker into the blue color range along with a smattering of micronutrients required for healthy turf. Flagship is also spiked with Bio-Nite™ to stimulate microbial activity and healthy soil. The smell of success extends the color even longer, and tells you it's working.

Spreader Settings 3lbs/1,000 sq ft:

SCOTTS ELITE	SCOTTS EDGUARD DLX	SCOTTS EDGUARD MINI	EARTHWAY 2600 A PLUS	EARTHWAY 2050	ECHO RB60	LESCO
5.25	5.25	5.25	16	16	5.5	14

Best times to apply:

Flagship 24-0-6 can be applied anytime you want to stimulate growth to make your lawn thicker while also bringing a nice pop of green color that will last. For maximum results, apply during these periods based on grass type:

Cool Season Lawns

Bluegrass, Fescue, Ryegrass

• Spring • Fall

Warm Season Lawns

Bermuda, St Augustine, Zoysia, Centipede, Bahia

• Late Spring • Summer

24-0-6
