

STARTER FERTILIZER

45 lb bag covers 15,000 sq ft

Yard Mastery™ Starter Fertilizer 12-12-12 is the perfect blend of macros and micros. Premium nitrogen in the form of ammonium sulfate is known for being one of the more efficient plant sources bringing a striking blue-green color to all grass types. Phosphorus is also there in equal proportion to push healthy roots supported by sulfate of potash, also a more premium source of potash with a lower salt index. “Starter fert fixes everything” is true, especially with our triple 12 because it also comes with 3% iron and a smattering of additional micronutrients lawns need. It’s also spiked with Bio-Nite™ our premium natural additive that stimulates microbial activity and healthy soil overall. Smells like success which tells you it’s working!

Spreader Settings 3lbs/1,000 sq ft:

SCOTTS ELITE	SCOTTS EDGUARD DLX	SCOTTS EDGUARD MINI	EARTHWAY 2600 A PLUS	EARTHWAY 2050	ECHO RB60	LESCO
5.25	5.25	5.25	14	14	5.5	14

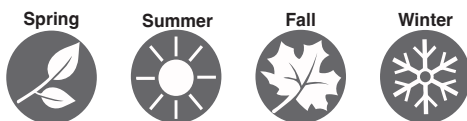

Best times to apply

Starter Fertilizer 12-12-12 can be applied when your lawn could benefit from a complete balance of nutrients when a soil test indicates such. Spring summer and fall, all grass types will love the triple 12 when used at the time of seeding, sodding, plugging or sprigging. Yard Mastery Starter Fertilizer also makes an excellent application to get your lawn off to a great start.

Cool Season Lawns

Bluegrass, Fescue, Ryegrass

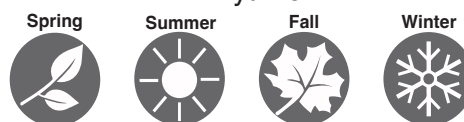

• Anytime

Warm Season Lawns

Bermuda, St Augustine, Zoysia, Centipede, Bahia

• Anytime

12-12-12

GUARANTEED ANALYSIS

TOTAL NITROGEN (N)	12.00%
5.77% Ammoniacal Nitrogen	
5.80% Urea Nitrogen*	
0.43% Water Insoluble Nitrogen	
AVAILABLE PHOSPHATE (P₂O₅)	12.00%
SOLUBLE POTASH (K₂O)	12.00%
MAGNESIUM (Mg)	0.50%
0.05% Water Soluble Magnesium	
SULFUR (S)	7.34%
7.34% Combined Sulfur	
IRON (Fe)	3.00%
0.03% Water Soluble Iron	
0.45% Chelated Iron	
MANGANESE (Mn)	0.50%
0.50% Water Soluble Manganese	
ZINC (Zn)	0.05%
0.05% Water Soluble Zinc	

F1612

DERIVED FROM: Ammonium Phosphate, Sulfate of Potash, Biosolids, Ferrous Sulfate, Polymer Coated Urea, Urea, Ammonium Sulfate, Iron Sulfate, Magnesium Sulfate, Manganese Sulfate, Iron EDTA, Zinc Sulfate.

*3.36% Controlled Release Nitrogen from Polymer Coated Urea

CAUTION

Breathing dust may be harmful to respiratory system, nervous system and kidneys.

Application Instructions:

Application rate is 3 lbs of product per 1,000 sq ft of lawn area. Apply to a dry lawn, sweep excess off sidewalks and driveways to avoid staining. Application should be watered in within 48 hours with ¼” of rainfall or irrigation.

STARTER FERTILIZER

18 lb bag covers 6,000 sq ft
