**SEEDING AND SODDING YOUR LAWN**  
Jonathan Green Veri-Green Lawn Food for Seeding & Sodding is formulated to get new grass seedlings off to a great start. It helps your lawn grow strong roots and grow faster and thicker when seeding, overseeding and laying sod.

**DIRECTIONS**  
SUCCESSFUL SEEDING CAN BE ACCOMPLISHED IF THESE PROCEDURES ARE FOLLOWED FOR BOTH OVERSEEDING LAWNS AND ESTABLISHING NEW LAWNS OR SODDING.

- PREPARATION:** Good seed-to-soil contact is very important in order to achieve good germination of the planted grass seed.
    - Mow lawn before seeding.
    - Rake dead grass and debris and loosen the soil. Add additional topsoil if needed. For larger areas, a rented thatching machine may be easier. Apply seed to the loosened soil and then lightly rake it into the ground. Do not bury the seed more than 1/4" deep.
  - Prior to seeding, apply these **Jonathan Green** products in any order, on the same day.
    - Jonathan Green Veri-Green for Seeding & Sodding** Provides the nutrients necessary for new grass growth.
    - Jonathan Green MAG-I-CAL Plus for soil compaction and pH adjustment** Helps loosen hard, compacted soils. Provides calcium - an essential grass plant nutrient which aids in the seedling's ability to absorb nutrients.
  - Seed bed should be kept moist for a few weeks while the grass seed germinates. Mow the new grass after it has reached a height of 2-1/2 to 3 inches.
- Consult your dealer concerning follow-up fertilizer applications and maintenance advice.

**SPREADER SETTINGS**

The following settings are approximate. This product package applies 3 lbs. of product per 1,000 sq. ft. Settings are based on an average walking speed. Reduce setting for slower speed; raise setting for higher speed. Check your spreader on 250 square feet and adjust to apply at the rate of .75 pounds per 250 square feet. Sweep (do not wash) all fertilizer materials from surfaces immediately after application, because certain fertilizer ingredients can cause permanent stains. Wash out spreader after each use and allow it to dry thoroughly. Treat any exposed metal spreader areas with oil to reduce corrosion.

BROADCAST (ROTARY) SPREADERS		DROP SPREADERS	
<b>Jonathan Green</b>		Agri-Fab	
<b>New American Lawn Standard</b>	5-1/2	Central	1-1/2
<b>New American Lawn Deluxe &amp; Pro</b>	12 - 13	EZ Republic (Ortho)	7

**USAGE TIPS**

- For rectangular lawns**  
Apply two header strips across each end for a turning area, then apply back and forth in the longest direction.
- For irregular-shaped lawns**  
Apply a header strip around the entire lawn for a turning area, then apply back and forth.
- Note:** Each pass should be within 10 feet of each other to ensure an overlap.
- Do not leave spreader open when making turns.
  - For best results, do not apply on a windy day.
  - Swath will vary due to weather conditions, product used and walking speed.
  - Apply products only to lawn.
  - To determine how much coverage you need, multiply the length of your lawn by its width. This equals your total square footage. Deduct any non-lawn areas (house, gardens, walkways, etc.). One bag covers 5,000 sq. ft.

**GUARANTEED ANALYSIS**

Total Nitrogen (N)	12.0%
7.04% Ammoniacal Nitrogen	
4.96% Urea Nitrogen*	
Available Phosphate (P <sub>2</sub> O <sub>5</sub> )	18.0%
Soluble Potash (K <sub>2</sub> O)	8.0%

Derived from: Urea, Polymer Coated Urea, Muriate of Potash, Diammonium Phosphate  
\* 3.00% controlled release urea nitrogen from polymer coated urea  
Information regarding the contents and levels of metals in this product is available on the internet at <http://www.oapfco.org/metals.html>

**CAUTION**

Store product in a cool, dry place out of the reach of children and pets. Do not apply near water, storm drains, or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn or garden and sweep any product that lands on the driveway, sidewalk or street back onto your lawn or garden. Also, sweep fertilizer off concrete surfaces to avoid staining.

**NOTICE**

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling if such use is contrary to label instructions.

**Be aware of local ordinance requirements concerning lawn fertilizer applications.** "Black out" dates may limit or prohibit lawn fertilizer applications from late fall to early spring in certain areas.

This lawn/turf fertilizer contains phosphorus and is only for non-agricultural use on (i) turf during its first growing season, (ii) on turf areas being repaired or renovated, and (iii) on turf where a soil test performed within the last 3 years indicates a phosphorus deficiency. This fertilizer is not for the routine maintenance of turf.

**My Pledge Of Satisfaction**

We have made every effort in the formulation of this product to assure that you will be satisfied with the results. If, for any reason, you are not satisfied, please write and describe the problem. Our lawn specialists will make every effort to assure your success.
