\$ FARMER PRICING

This pricing is for farmers and wholesalers only, and is substantially lower than our published pricing. Because you are running a commercial business, we will give you a significant price break to help you grow more for less.

Complete our Farmer Pricing Application Form and submit basic details about your farm or business along with documentation supporting any special tax status.

Once approved, your special pricing will be visible to at growOrganic.com after logging into your farmer account.

Discounts vary by item and can be up to 25% off the listed retail price. Farmers will always receive the lowest pricing when comparing special prices or volume discounts.

Additional discounts on pallets, totes or other bulk quantities can be agreed upon for large or custom orders.
