** NOT FOR SALE IN CALIFORNIA

This pest control solutions chart will help you to choose the product that most closely matches your needs. Find your pest problem at the top of the chart. The cells in that column with a dot indicate which product in that row is intended by the manufacturer to address that pest problem. Always check the product label and confirm that the product is allowed by your certifying agency. We do our best before publishing to update our solution charts with current status with OMRI, WSDA and CDFA. However, the status of any product can change at anytime, so use this chart only as a guideline. If there is no part number listed there are several products available – search the title listed to find your options.
