

**Some important information about ordering from us during this state-mandated Stay at Home period.**

**As a business essential to food production we have been authorized to stay open and have chosen to do so with much modification from our normal business practices. In order to ensure the safety of our employees our customers and everyone's families, we will minimize our physical contact with each other as much as possible. Many of our staff members are unable to come to work due to child care issues and/or at-risk issues and we are therefore short-staffed.**

**The Call Center, Store, and Nursery will be closed until the stay at home order is over. We are no longer offering curbside service.**

**Our shipping department will not be shipping any orders entered on our website after March 20. This is a temporary situation until staffing issues are settled and the older orders are fulfilled, which we are working on now. We will let you know when our website is live again and orders can be placed for shipment.**

**Local Farmers with custom or special needs please e-mail [lucas@groworganic.com](mailto:lucas@groworganic.com)**
