

made in Italy

The ultimate in comfort, performance and styling

FH ULTRA MOVE BREECHES

are made of the most advanced lightweight, soft, breathable, multi-stretch fabric designed for equestrian sport.

They have a second skin feel, give complete freedom of movement and are styled with FH signature push-up effect tailoring.

WELCOME ENNIE, FRANCESCA, SANSONE AND POPPY!

COMFORT BREECHES

Innovative breeches: the symbol of a new level of comfort.

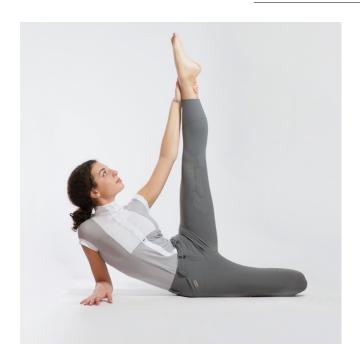

made by For Horses

FH ULTRA MOVE BREECHES

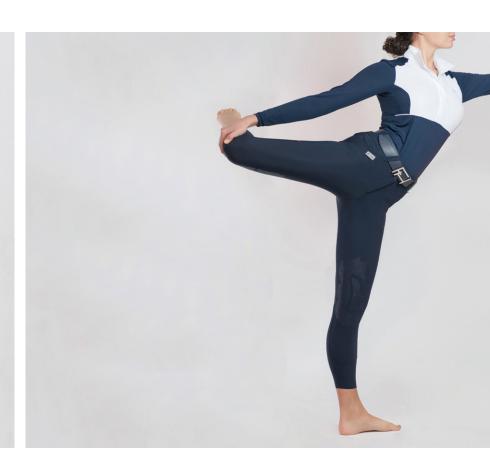

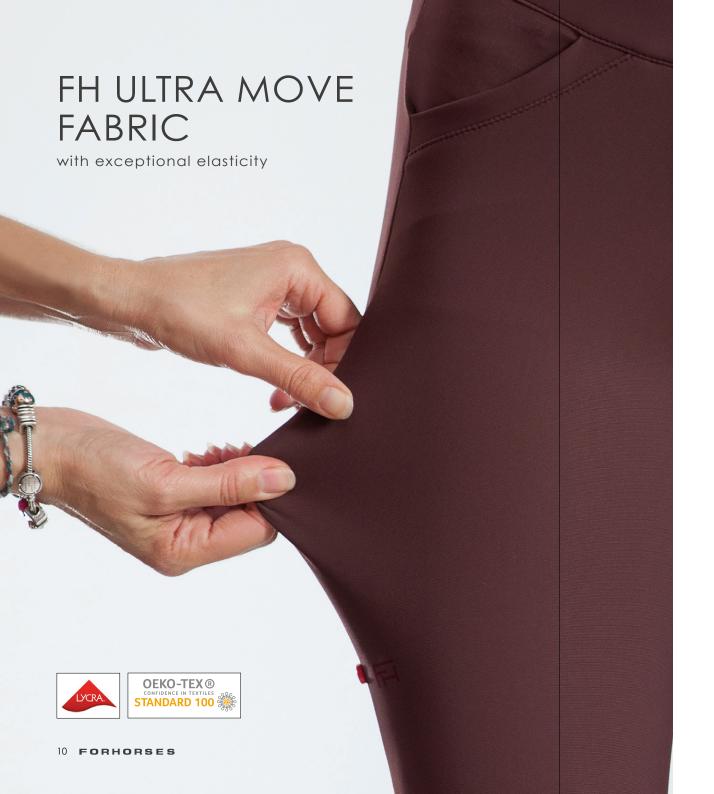

LIKE A SECOND SKIN

An advanced concept of FH fabric makes these breeches possible: elasticity and adaptability to the body that feels like a second skin and allows for complete ease and range of movement.

The advanced technical weave of the fabric is resistant to pulls, tearing and dirt, and keeps its vibrant color over time.

The specially developed fabric used in the FH Ultra Move line contains Lycra®, giving it exceptional elasticity while retaining its original shape and lightness, no pilling effect.

ELEGANT STYLE

The tailored cut and styling fits all shapes and sizes for a refined and feminine look.

EVERYDAY LOOK

Dress up everyday comfort with
FH Ultra Move breeches, soft Lycra shirts
and Athleisure active wear.
