

**KWIX UK<sup>®</sup>**  
The only tool for the job

# TUBE STRAIGHTENER

**An ingenious heavy duty tool that accurately straightens light wall tube from coil.**

- Straighten what you need – less material wastage
- Accelerated flow for better efficiencies from straighter pipe

The Kwix Tube Straightening Tool is used in automotive, plumbing, Heating, Ventilation, Air Conditioning, Refrigeration and the Under-floor heating industry as well as any other industries needing to straighten Copper, Brass, Aluminium, Stainless Steel tubing or 16mm and 20mm Al-PEX composite pipe.

The Kwix Tube Straightening Tool is designed for that professional straight finish to coiled tubing.
