Trouser

Our pick for a wide-leg style is this pair of RALPH LAUREN jeans—the fuller leg is great if you've got less than perfect thighs (and who doesn't?) and the flat-front and side pockets are clean and flattering. With a neat, tailored shape and defined waist, these jeans are ideal for dressing up.

[GET THE LOOK]

Mix it up! We're loving this soft boho blouse and its fluttery sleeves paired with wide-leg **Frouser** jeans. It's an unexpected (yet totally feminine) combo that works because of the contrast in fabrics and textures. Top off the look with an of-the-moment fedora and haute-hippie leather cuffs.

Top, WDNY, \$48. Jeans, Lauren Jeans Co. by Ralph Lauren, \$89.50.
