

SEVEN OF HEARTS

Seven of Hearts is about exploring different vineyards, appellations, and varietals: cool-climate varietals from the Willamette Valley and warm-weather varietals from the Columbia Valley, Oregon and Washington.

Using traditional winemaking methods, our goal is to produce sincere wines of purity, complexity, and character. We partner with growers who primarily farm organic and sustainably, and who are stewards of their land and vines, providing the attention to details that produce great fruit and capture the best qualities of each vintage.

The label on the bottle, with its neo-classical elements, symbolizes our passion for wines in the old-world tradition that reflect where they are from and the conditions under which they were grown.

LUMINOUS HILLS

Under our estate label, Luminous Hills, we produce Pinot noirs that are specific to a distinct place in the southwest corner of the Yamhill-Carlton AVA with a unique combination of aspects, two diverse and well-delineated soils, dramatic elevation changes, and carefully matched Pinot noir clones and rootstocks to each block of the vineyard. The wines produced from Luminous Hills capture the broad expression of the entire vineyard in the “*silver label*”, the southwest aspect with emphasis on lower elevation sedimentary soil in the *Lux*, and the southeast aspect, higher elevation and volcanic soils in the *Astra*.

This is the third time in the four years of the Joker's series of single barrel wines that a lot from the 115 clone in the City Block of Luminous Hills has made the cut (at most two barrels are selected each year). These select barrels are bottled by themselves when we find a barrel that is so complete by themselves, so profound that to blend with anything else would be to diminish them. This barrel of 115 matured in a once used Billon barrel from the Vosges forest. It is sumptuous, rich, dark and blue-fruited with savory cooking spices. Only 23 cases produced.
