

# SEVEN OF HEARTS

Seven of Hearts is about exploring different vineyards, appellations, and varietals: cool-climate varietals from the Willamette Valley and warm-weather varietals from the Columbia Valley, Oregon and Washington.

Using traditional winemaking methods, our goal is to produce sincere wines of purity, complexity, and character. We partner with growers who primarily farm organic and sustainably, and who are stewards of their land and vines, providing the attention to details that produce great fruit and capture the best qualities of each vintage.

The label on the bottle, with its neo-classical elements, symbolizes our passion for wines in the old-world tradition that reflect where they are from and the conditions under which they were grown.

## LUMINOUS HILLS

Under our estate label, Luminous Hills, we produce Pinot noirs that are specific to a distinct place in the southwest corner of the Yamhill-Carlton AVA with a unique combination of aspects, two diverse and well-delineated soils, dramatic elevation changes, and carefully matched Pinot noir clones and rootstocks to each block of the vineyard. The wines produced from Luminous Hills capture the broad expression of the entire vineyard in the “*silver label*”, the southwest aspect with emphasis on lower elevation sedimentary soil in the *Lux*, and the southeast aspect, higher elevation and volcanic soils in the *Astra*.

One of the great wines of the northwestern region of Piedmont in Italy, Barbera makes up only a tiny percentage of wine produced in North America. With good natural acidity, it is a very food-friendly wine. This grape has found an ideal home along the banks of the Columbia River in the Alder Ridge Vineyard in the Horse Heaven Hills of the Columbia Valley Washington. Modeled after some of our favorite Piedmont Barbera's, we use only neutral oak barrels to fully express the rich round dark fruit and maintain the freshness of the varietal. Enjoy this wine with your favorite pasta, pizza or hearty winter stew.
