

Tidy Tail

THANK YOU!

Thank you for purchasing a new Tidy Tail from Taco Moto Co.

We work hard to design and build the most unique and specialized KTM parts and accessories available anywhere, and the Tidy Tail is one of our favorites.

The installation should be fairly painless and easy, and it only requires a few simple tools.

Please watch our installation video on YouTube titled, "Taco Moto Co. KTM EXCF Tidy Tail"; or scan this QR code with the camera on your phone to open it up automatically.

You're a superstar and it's our honor to serve you and help you get the most out of your machine. We hope that if you ever have a chance you'll put in a good word about your experience with us on Thumper Talk, KTM Talk, a snow bike forum, a Facebook group, or a ride area water cooler. And if something is not to your satisfaction let us know and we'll figure out a way to make it right.

Thanks again for choosing Taco Moto Co. to set up your machine!
