

LET'S GROW AND EXPLORE IN THE GARDEN!

#1 Harvest Potatoes _____

- Potatoes grow underground and harvesting them is like finding Buried Treasure! Use the **Scoop or Trowel** to "Dig In" and find **3** buried **Red Potatoes**.
- Bury those taters back into the soil so that friends have their own treasure-seeking experience.

#2 Plant Onion Bulbs _____

- Using the **Weed Remover Tool**, Dig **2** holes, each about **2** inches deep.
- Within each hole, plant **1 onion bulb** pointy side up.
- Cover up the hole with soil and mark the spot with a popsicle stick.

#3 Plant Lettuce Seedlings _____

- Using a **Trowel**, dig a hole **2-3** inches deep.
- Using the watering can, fill the hole up with water and allow it to drain.
- Gently remove **1 lettuce seedling plant** from the tray.
- Plant the lettuce seedling into the soil and use soft fingers to press the soil around the leaves.

#4 Sow Pea Seeds _____

- Using a **Trowel**, fill up a paper pot with Seed Starting Soil.
- Use the Spray Bottle to get the Soil damp.
- Use your pinky finger and make a hole about **1 inch deep**.
- Insert **3 pea seeds**, cover them with Soil, and gently pat them to sleep.

#5 Insect Inspection _____

- Both plants and creatures live within a healthy garden ecosystem.
- Use the **Hand Rake** to rake the soil to find insects living within the earth.
- Find **4 different insects** and gently put them back where you found them, below the soil's surface.

#6 Plant a Flowerpot _____

- Using a **Trowel**, fill up one clay pot halfway with Potting Soil.
- Gently remove **1 flower plant** from the tray and place it in the pot.
- Use the **Trowel** again to fill the space around the flower with soil.
- Water your flower with the watering can.

Find a ladybug and make a wish _____

Find the shade-loving turtle _____

Scoop out pumpkin seeds _____

Say "Hi!" to Gerome the Gnome _____

Smell 3 different herbs _____
