

Model # HLS16DCSS

16 Gallon Stainless Steel

COMBINATION RECYCLE/TRASH SENSOR CAN with Dual Compartments and Wheels

Make it easy to separate recycling and trash quickly and cleanly in high-traffic venues like cafeterias, lobbies, kitchens, stores, and more. It has two 8 gallon separated compartments with independent sensor lids. There are two removable inner buckets for easy disposal. The bin has four removable wheels at the base, making it easy to transport. The brushed stainless steel can body is smudge-resistant, easy to clean, and complements any décor. The ABS plastic top is durable and attractive..
