Mango and Moose 2019

Our everyday choices most certainly DO impact our world. At Mango + Moose we believe it is the daily choices of love, kindness, sustainability, self-expression, thoughtfulness and generosity that truly make a difference. This is the LOCAL to GLOBAL connection and the inspiration behind this workbook.

Schools across Canada are helping students learn that they too have enormous personal power when it comes to taking care of our environment, our community and ourselves.

The LOCAL meets GLOBAL challenge is an action tool to help young people connect their personal contributions to the world with positive, life changing IMPACT.

WHAT IS YOUR LOCAL?

Where you live is LOCAL—the place you call home. All your friends, family, connections and favourite places make up your local living experience.

Depending on where you live your local experience can be very different from someone who has grown up in a different city, region and country! What is it about where you live that you love the most?

Write or draw people, things, subjects or stuff that you love locally.

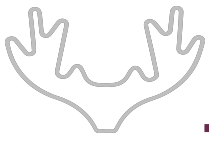

There are no right or wrong answers! Just YOUR answers. Have some fun with this!

WHAT IS YOUR PASSION?

What do you love to do? Let's chat about your passions! It's important to remember that as a unique person your interests and passions are special to you. No one else might be "into" what you are "into" and that is totally okay. It can take a little or a lot of courage to follow your dreams, goals and interests. The best part about doing that though is that the world NEEDS your unique energy and by bravely being YOU the world becomes a better place. So sing your song, play your instrument, practice your sport and practice your hobbies!

Write or draw people, things, subjects or stuff that you are passionate about! You might notice some similarities between your LOCAL and your PASSIONS!

LOCAL meets GLOBAL challenge

Did you know by making simple choices for positive change **LOCALLY** you are creating **IMPACT GLOBALLY**? When you recycle, volunteer and do random acts of kindness you are creating a positive ripple effect that is immeasurable! Ready for the challenge? Create a plan to make a difference (even if in the smallest way). Do a fundraiser for a cause that matters to you, or create something that makes you and other people smile. What can you do that will create positive impact in the world?

Making an impact isn't just about "changing the world"it's also all about using your skills and unique qualities to contribute to your school and community. Get curious. Take action. YOU WILL MAKE A POSITIVE DIFFERENCE (which feels really, really good!).

What is a cause or community need that you care about? Why?

How can you use your energy, skills, curiosities and time to help that cause?

LOCAL meets GLOBAL challenge

Time to define your project plan. Have fun with this. Who knows the ripples of positive impact you will create by simply getting curious, using your natural talents and taking action!

How can you use your energy, skills, curiosities and time to help that cause?

What resources will you need? (time, supplies, assistance etc).

Give it a name! What is your the title of your project plan?

LOCAL meets GLOBAL challenge

PROJECT PLAN TITLE:

Use this space to brainstorm additional thoughts, action steps, creative ideas....anything that will help you make your project plan a fun and positive success. TIP: Use your creativity by cutting out pictures, making lists, or drawing your ideas.

You are going to make such a difference by being YOU!

YOU CAN BE A RIPPLE MAKER!

It's a big world. Even though you're just one human being among 7.4 billion others, a single person can make a sizeable difference by making choices and taking actions that create positive change.

YOU CAN BE A RIPPLE MAKER!

Take 10 year old Lucy for example. Lucy volunteers her time as a lunch room monitor and shares her energy with younger students (who love her!). She helps kindergarten kids feel special. That's an impact that lasts a long time because those kids will reflect back on her kindness and hopefully one day will be kind to children younger than them as well!

Here is how Jeremy creates a ripple affect of positive awesomeness. Jeremy loves learning about other countries and cultures. He decided to create impact by collecting arts and craft supplies to put in shoe boxes for kids in Haiti. By including his friends and school community he filled 20 shoe boxes with all kinds of craft supplies, treats and notes from those who donated! WHAT AN IMPACT!

When you do something positive for yourself and others you are creating a Ripple Affect. Pretty cool right? At Mango + Moose we think so – in fact we have built our company on many people who make many many ripple affects around the world every single day!

CLASSROOM DISCUSSION QUESTION:

What do you think the Ripple Effect of learning about cultures around the world might be?

How is Jeremy contributing to his community in a positive way?

In what ways do you think Lucy is helping to be a positive role model for the kindergarten kids?

What do you do that helps make this world a better place?

You CAN change the world simply by sharing who you are and taking action to create positive impact. #YESYOU CAN

OUR ARTISAN SPOTLIGHT

MEET GEETA ONE OF OUR INDIAN ARTISANS. GEETA IS THE ELDEST OF 7 CHILDREN LEFT SCHOOL EARLY TO SUPPORT HER FAMILY. SHE DISCOVERED A GROUP THAT OFFERED TRAINING TO MAKE JEWELLERY AND NOW WORKS TO CREATE BEADED JEWELLERY. THE FAIR WAGE SHE EARNS HAS ENABLED HER TO SUPPORT HER FAMILY AND CONTINUE SENDING HER YOUNGER SIBLINGS TO SCHOOL.

OUR ARTISAN SPOTLIGHT

Meet Sonia one of our Haitian Partners. Sonia has been able to use her earnings over the years to buy land and is gradually building a home. All her children are in school today. Although she is so happy that her children are all able to go to school, she has dreams for herself as well. She wants to keep learning English so that she can one day be promoted to an administrative position. At forty-three, she feels like it is her time to shine. She is just one of many who are shattering their own glass ceilings by being empowered with work.

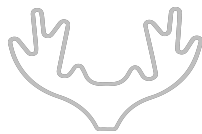

OUR ARTISAN SPOTLIGHT

Meet Hailey & Bree two of our Canadian Artisans. These sisters from Ontario are Co-Founders of Ungalli an ethical Canadian company working solely within sustainable practices and processes. Each t-shirt is proudly manufactured from start to finish in Canada and is made from 50% recycled bottles and 50% organic cotton.

At Mango + Moose we create positive GLOBAL IMPACT by providing living wages, safe working conditions, family resources and HOPE for our Artisans and Artisan Partnerships. We are a Socially Conscious Lifestyle Brand making an impact with every piece sold. Our unique school fundraisers offer the opportunity for schools to raise funds AND contribute to positive change in the lives of many, many people throughout the world. This is fundraising REDEFINED.
