

THE VALUE CHOICE FOR:

- ✓ Quality
- ✓ Affordability
- ✓ Colours

FLAT EMULSION PAINT

The ideal choice for quick, affordable decorating of your home, business or surroundings.

- Better Coverage so you get even more for less
- Improved Quality and Durability
- Low Odour
- Excellent washability – Easier to clean
- Available in new exciting colours

FLAT

Beautiful matte coating, ideal for low-traffic interior/exterior areas. Best sheen for hiding imperfections.

GLOSS OIL PAINT

The convenient value choice for beautifying interior and exterior wooden and metal surfaces.

- Tough High Gloss finish
- Excellent Stain and Fungus resistance
- Several years of Durable protection
- Available in popular colours

GLOSS

Gloss is the highest sheen of paint available. It is a good choice for areas that sticky fingers touch - cabinets, trim, doors, and kitchens.

Prepare For Great Results

For any painting project, preparation is a key factor in achieving quality results! Various surface preparation methods are used depending on the requirements of your selected paint and the condition of the surface you paint. The surface could be steel, galvanized steel, aluminium, concrete or wood and each requires different surface preparation and treatment.

GENERAL SURFACE PREPARATION

All surfaces must be sound, dry, clean and free of oil, grease, dirt, mildew, form release agents, curing compounds and loose and flaking paint. Follow the directions provided on the paint label and use our paint project checklist.
