TECHNIQUE

1. Pre-section hair into eight pie sections. At each division line, highlight a babylight from the high point of the sectioning (all connecting at this point) using Formula 1.
2. Apply Formula 2 to the base and drag down 2-3 inches.
3. Color melt this into Formula 3, blending that application with Formula 2. Process for 45 minutes and rinse. Shampoo with Color Protect[®] Post Color Shampoo and condition.
