TIP: The closer the zigzags, the more hair/area will be colored/lightened.

2. Apply Formula 1 starting in the front.
3. Once you get to the occipital segment, work from the hairline up with diagonal and horizontal slices.
4. Starting at the nape, apply Formula 2 to all existing hair not placed in the foil.
5. Follow with Color Protect® Post Color Shampoo and condition. Stretch and dry hair for Phase Two.

PHASE TWO

1. Apply Formula 1 all over, saturating the pre-lightened sections especially well.
2. Process for 20 minutes and rinse well. Shampoo with Color Protect® Post Color Shampoo and Color Protect® Conditioner.
