Cleaning, Storage & Safety

Your Logan will offer years of enjoyment with proper care and maintenance. Here are some tips to prolong the life span of your pleasure buddy:

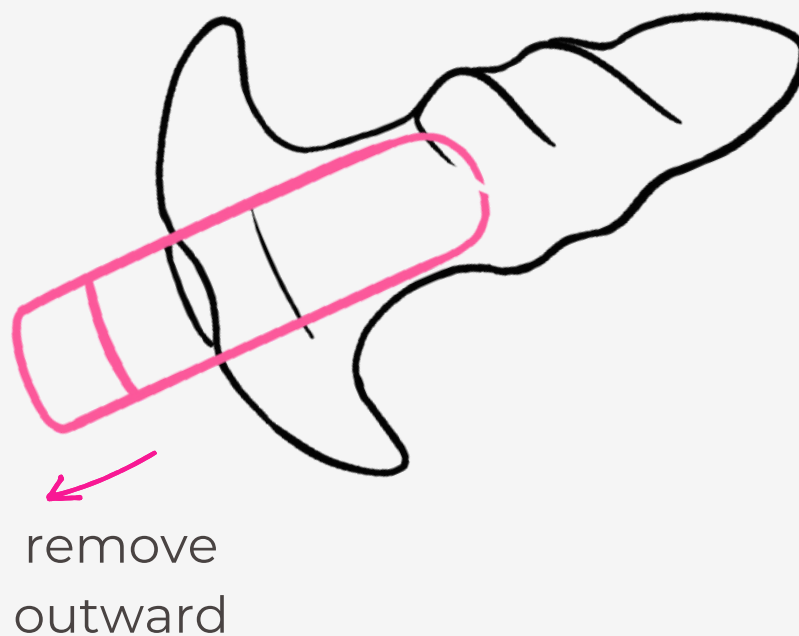

1. Avoid using your Logan with hand creams and silicone-based lubricants as it may harm the texture of the silicone toy
2. Always clean your Logan after every use with soap and water, then allow it to dry. The Logan is also fully waterproof! This makes cleaning fuss-free and really simple
3. Never use cleansers containing alcohol, petrol or acetone. And do not boil, bake, microwave, or clean the Logan in the dishwasher
4. Store your Logan in your discreet Hedonist pouch to avoid the accumulation of dirt, lint and other harmful particles that may collect on the Logan's surface
5. Avoid leaving your Logan in direct sunlight and never expose it to extreme heat or cold

Cleaning, Storage & Safety

Your Logan comes with a waterproof silicone outer sleeve and a waterproof bullet vibrator that can be disassembled for a more thorough clean.

1. Carefully remove the bullet vibrator from its silicone sleeve
2. Give the bullet vibrator a quick rinse and pat dry immediately
3. To thoroughly wash Logan's outer sleeve, use warm water and body soap, then rinse and pat-dry
