

LUMINOVATION

Modern Skincare System LUMINOVATION is not just about surface-level beauty; it's about infusing skin with vital nutrients and enhancing its natural luminosity to reveal true radiance.

Step 1: Purifying Deep Cleanser

A deep cleanser that smooths skin through gentle exfoliation and cleanses impurities while replenishing moisture with PhytoGlyco™ ingredients.

Use morning and night. Apply cleanser into the palm of one hand. Add water and massage hands together to create light foam. Gently massage foam into face and neck in upward circular motions. Rinse well with lukewarm water.

Step 2: First Essential Toner

Formulated to brighten skin and help improve the appearance of fine lines and wrinkles.

The most popular way to maximise the benefits of your toner is to pour it into a small sprayer bottle and spray directly onto clean skin morning and night, and periodically as a refresher throughout the day. On evenings you are removing make-up, you may find spraying toner onto a face pad will be more effective.

Step 3: Luminous Essence Lotion

A skincare marvel that infuses your skin with deep, lasting hydration and enriches it with nutrients that bring out an enchanting glow. An anti-wrinkle moisturising lotion for soft and radiant skin.

Apply on the face, front of your neck, shoulders and even your chest. after cleansing and toning both morning and night. Gently massage into skin using small, upward circular motions.

Step 4: Youth Intensive Care Cream

Our high-concentration repair cream offers long-lasting moisture effects, helps to reduce the appearance of fine lines and wrinkles, and enhances skin elasticity. Anti-Wrinkle and Brightening Cream containing eight peptides for elastic and resilient skin.

Apply on the face, front of your neck, shoulders and even your chest. after cleanser, toner and lotion both morning and night. Gently massage into skin using small, upward circular motions.

Glyco Skin Returning Care Program

The Glyco Skin Returning Care Program is a 4-week care program containing 14 treatments of Glyco Collagen Capsules and Glyco Biome Ampoule, along with 4 Moisture Mild Peel treatments.

How to use this 4-week program:

LuminoVation Glyco Collagen capsule & Glyco Biome ampoule

Collagen, hyaluronic acid and glyco nutrients together support increased moisture and elasticity for more radiant, luminous skin.

Recommended use: Apply every other day as part of nighttime skincare routine.

Step 1:

Open the Glyco Collagen capsule and warm in the palm of your hand.

Step 2:

Pump 3-4 drops of Glyco Biome ampoule onto the Glyco capsule. More over time if you prefer.

Step 3:

Mix well and gently apply to face and neck in a circular motion. Leave on skin, do not rinse.

LuminoVation Moisture Mild Peel

AHA, BHA and PHA help revive dull skin by smoothing, evening skin tone and adding moisture, revealing a more radiant finish.

Recommended use: Apply once a week as part of nighttime skincare routine.

Step 1:

Apply Moisture Mild Peel to the entire face after nighttime cleansing.

Step 2:

Rinse off with lukewarm water after 2 – 5 minutes (or sooner for sensitive skin).
