

OsoLean®

Maintain Lean Muscle

OsoLean powder contains our proprietary whey protein blend and calcium from milk—both of which have been shown to promote fat loss while maintaining lean muscle when combined with the OsoLean Plan and proper exercise. OsoLean powder uses a patented process in which specific parts of whey protein, called peptides, are separated and concentrated to help ensure optimal fat loss.

Benefits:

- Improves lean muscle to fat ratio when combined with a kilojoule controlled diet.
- Supports weight reduction.
- Provides 40% of daily protein requirements.
- Provides 56% of daily calcium requirements.
- Provides essential minerals and vitamins.
- Exclusive formulated nutrition technology.
- Highest quality ingredients.
- Manufactured in a TGA approved facility that adheres to the highest Good Manufacturing Practices.

Recommended Use:

Adults mix 2 scoops (12.2g) in 240ML of liquid. Try having OsoLean powder 20 minutes before breakfast and dinner. For weight management, use in conjunction with a calorie reduced eating plan. Use only as directed.

GF Gluten free	CA Calcium rich
Protein rich	All natural
No synthetic additives	No sweeteners

INGREDIENTS: Whey protein complex, emulsifier (soy lecithin). Contains soy and milk.
