

## Basic Room/Linen Spray Formula

### Ingredients:

70% Water

20% Isopropyl Alcohol

0.5 % Phenoxyethanol Preservative (this can be omitted, but shelf life may be shortened)

7.5 % Polysorbate 20 or 80

2.5% fragrance

### Method:

Heat the water to 40 degrees and add the rest of the ingredients. Stir gently, until all ingredients are mixed well.

Decant into bottles and attach a misting spray. Enjoy!
