

### What you'll need

- 7" x 7" or larger 14 count Aida cloth
- 5" embroidery hoop
- Tapestry needle or similar
- Scissors
- DMC 6 strand embroidery floss

### Tips for Stitching

- Use two strands of thread.
- Don't knot your thread to anchor it, your stitches will do that for you.
- Use pins to place your pattern and to keep track of the pattern as you jump to different sections.
- Always make your stitches in the same direction, either left over right or right over left.
- For rows with multiple stitches of the same color, make a row of half stitches \ \ \ first, then go back and complete the Xs with / / / stitches.
- When you're finished, dampen the cloth and iron it before you display it.
