

BIOFA Brush Cleaner solvent-free Item no. 0600

Properties

BIOFA Brush Cleaner is a solvent-free, biodegradable cleaning agent for cleaning painting tools such as brushes, rollers, etc. For all solvent-free and water-soluble natural resin paints, glazes, oils, and waxes. Cleans thoroughly but gently, bristles become soft and supple again.

Ingredients

Water, 5-15 alkaline-saponified coconut and soy oil fatty acid, lavanden oil (contains linalool).

Application

Remove excess paint, varnish, etc. immediately after use by brushing off on the container edge or by brushing out. Place tool in undiluted brush cleaner and allow to soak for 5-10 minutes. Then clean thoroughly in brush cleaner followed by rinsing off in clear water. Repeat procedure as needed. Allow heavily soiled equipment to sit in undiluted brush cleaner for at least 24 hrs. BIOFA brush cleaner can be reused multiple times. Allow used brushed cleaner to sit in the closed container until the dissolved paint has settled on the bottom. Then refill the clear solution above the settled paint into a clean container. Use BIOFA thinner 0500 for very tough dirt buildup that can no longer be removed with solvent-free brush cleaner.

Storage

Keep cool, dry and properly sealed.
Keep away from frost.

Container

1 liter PE or PP container.

Hazard warnings

Attention

Causes serious eye irritation.

Safety instructions

Keep away from children. Read label before use. Clean hands thoroughly after using product. Wear eye/facial protection. WHEN INGESTED: Immediately call POISON INFORMATION CENTER or get medical help. ON EYE CONTACT: Gently rinse with water for several minutes. Remove contact lenses when possible. Continue rinsing. If eye irritation persists: Get medical advice/medical help.

Disposal

Use up product completely whenever possible. Dispose liquid product leftovers and partially full and cleaned containers in compliance with local statutory regulations. Only recycle fully emptied and cleaned containers.

German Waste Classification Directive [Abfallverzeichnis Verordnung - AVV] waste code law. European waste classification: 20 01 29*
