**RE BOTANICALS TAKES ORGANIC HEMP CBD PRODUCTS TO NEW HEIGHTS  
WITH THE DEBUT OF BODY OIL AND CAPSULES AT EXPO WEST**

*2019 NEXTY Finalist Brand Reveals CBD Innovations at Prestigious Natural Products Show*

**ANAHEIM, CA (March 5-9, 2019)** -- [RE Botanicals™](#), the first national hemp CBD brand to be certified organic by the USDA for U.S.-grown hemp, will be introducing two highly anticipated CBD products at this year's Natural Products Expo West. The mission-driven hemp CBD company continues its expansion with the debut of its new USDA-certified organic *Hemp CBD Relief Body Oil* and *Hemp CBD Organic Coconut Oil Capsules*. **RE Botanicals**, a 2019 NEXTY finalist for Best New CBD Product, is led by 20-year hemp veteran and category pioneer John W. Roulac. Show attendees can experience the new **RE Botanicals** products at Booth #1731 in Main Hall B, and can also celebrate the passage of the 2018 Farm Bill with hemp-infused drinks and snacks at the Victory Hemp Party on Friday, March 8 from 4 P.M. - 6 P.M.

**RE Botanicals** is launching its USDA-certified organic *Hemp CBD Relief Body Oil* in three botanical scents: *Lavender*, *Peppermint*, and *Ginger Lime*. Packaged in 10mL/.34oz amber glass bottles with metal roll-on ball applicator, these oils contain 200mg of USDA-certified organic hemp CBD. The metal ball provides a smooth roll-on application of rich oils expertly blended to create a peaceful on-the-go experience. The *Hemp CBD Organic Coconut Oil Capsules* are formulated with 15mg hemp CBD and organic virgin coconut oil in each capsule, to help support the body's endocannabinoid system. The capsules are available in a 10-capsule blister pack or 30- and 60-count bottles. **RE Botanicals** will be showcasing its current line of *Hemp CBD Tinctures*, which beat out many other CBD brands as a 2019 NEXTY finalist for the Best New CBD Product category. Due to the brand's rigorous testing standards and commitment to certified-organic growing, **RE Botanicals** is leading the hemp industry.

"**RE Botanicals** is delivering non-GMO, certified-organic, U.S.-grown hemp that is processed with the highest standards to ensure a premium product and experience for consumers," said John W. Roulac, company Founder and Chief Hemp Officer of **RE Botanicals**. "Consumers have a lot of options in this space, not all of which are created equal. Our goal is to provide an ethical line of hemp-infused products that support individuals in their quest for wellness."

Roulac will be a featured speaker on hemp and regenerative agriculture at this year's Expo West CBD Summit taking place on Tuesday, March 5 from 9 A.M. - 4 P.M. **RE Botanicals** invites attendees to stop by the larger than life Booth #1731 to learn about all new and existing products.
