

Make your own Dreidel

How?

1. Print out this template onto card paper.
2. Cut along the outside edges of the template.
3. Carefully poke a pencil through the dotted circle to make a hole.
4. Fold along the dotted lines to make the shape of your dreidel and the flaps.
5. Glue the flaps as shown to put your dreidel together.
6. Push the pencil back through the hole until the point sticks out at the bottom. This will be the handle you use to spin the dreidel.

How to play?

1. Any number of people can play. Each player begins with an equal number of game pieces or tokens (about 10-15 pennies, chocolate coins or even matchsticks)
2. At the beginning of each round, every participant puts one game piece into the center "pot." Also, every time the pot is empty or has only one game piece left, every player should put one in the pot.
3. When it's your turn, you spin the dreidel and depending on which side is facing up when it stops spinning, you give or takes game pieces from the pot.
4. If you find that you have no game pieces left, you are either "out" or may ask a fellow player for a "loan."
5. When one person has won everything, that round of the game is over!
