J SERIES PREMIUM NOZZLES

Further define your J Series experience with a Premium Nozzle for the 2, 3, 5, and 7-1/2HP units. Redesigned to allow more flow, Kasco's premium patterns provide crisp and distinct streams of water, for a more attractive display. New to the collection is the Mighty Oak pattern featuring 3 tiers with 8 streams in each, creating a beautifully arched cascade. Premium nozzles easily twist and lock into place and are purchased separately.

FOUNTAIN LIGHTING

Kasco WaterGlow lighting will dramatically illuminate your fountain or aerator throughout the nighttime hours. Available in composite or stainless steel housings and in several color options, these versatile LED lights are a perfect addition to your display. **NEW** Snap-on light clips are now included with 3 and 6 fixture RGB LED and Composite LED kits, making installation even easier. Compatible with all J Series and VFX fountains.

RGB LED

Choose between 9 colors, 3 rhythmic sequences and the addition of music to hand pick the perfect display.

- Colors include: white, cool white, red, green, blue, orange, yellow, cyan and magenta
- 3 fixture kit works best for 1/2 - 1HP units, 6 fixture kits work best for 2 - 3HP units
- 1-piece composite housing features ultra sonic weld around the lens ensuring water-tight operation

Composite LED

These lighting systems feature durable composite housings to shine brilliantly into the evening hours.

- Displays classic white and includes red, green, blue and amber lenses and lens caps
- 3 fixture kits works best for 1/2 - 1HP units, 6 fixture kits work best or 2 - 5HP
- 1-piece composite housing features ultra sonic weld around the lens ensuring water-tight operation

Stainless Steel LED

Featuring a durable, stainless steel enclosure, these lights will ensure an elegant and classic display.

- Displays classic white and includes red, green, blue and amber lenses and lens caps
- 3 fixture kit works best for 1 - 3HP units, 6 fixture kits work best for 3 - 7-1/2HP units
- UL / CSA Listed
