FEATURES AND BENEFITS:

- Designed for selective bulk waste recycling.
- This four-wheeled range comes in two sizes; with lids, and can be used for the collection of specific types of waste.
- Rounded corners and an optimally positioned drain plug provide an easy-clean solution.
- This design features an ergonomic handgrip and additional handles on all three sides to facilitate access and motion.
- The bin is also shock absorbent and resistant to chemical products and extreme temperature.
- The rubber wheels minimise noise pollution and provide easy maneuverability.
