FEATURES AND BENEFITS:

Rounded corners and smoother interior surfaces results in less bruising and damage to your produce.

Vented Bin: multiple vents in sides and base provide superior air flow so products cool faster adding valuable shelf-life to your produce.

Unique design with rounded entry has a larger forklift entry height than the industry standard.

Smooth, non-absorbent surface is not affected by dipping operations.

The design is compatible with most bin handling equipment.

Unique moulded label holders for cards and tags. Small, exterior pads reduce scratches.

The positive interlocking foot design permits fast and safe stacking.
