

# SMALL FOLDABLE CONTAINER DATA SHEET:

## DURABLE VENTED FOLDING CRATE FOR FRESH PRODUCE

CONTAINER OPEN

CONTAINER CLOSED

### SPECIFICATIONS:

#### DIMENSIONS:

External Size:

- 600 x 400mm
- Height 230mm

Internal Size:

- 567 x 368mm
- Height 219mm

#### STACKING HEIGHT:

- Folded box 38mm
- Open height 222mm
- Maximum stack height 8 high

#### CARRY LOAD PER CONTAINER

- 20 kg

### CAPACITY

- Carry load per container 20kg
- Volume 46 Litres

### MOULDING PROCESS

High pressure injection moulding

### MATERIALS

- UV-stabilised impact modified polypropylene
- Fully recyclable

### FOOT DESIGN

Positive interlocking permits fast and safe stacking

### VENTILATION

Multiple vents in sides and base provide superior air flow

### IDENTIFICATION OPTIONS

- Easy identification with hot foil stamping
- Bar coding
- RF tagging

### FEATURES

- Foldable crate for improved logistics efficiency
- Made from durable UV-stabilised impact modified polypropylene
- Food contact approved materials
- Fully recyclable
- Easy, clear ownership identification with hot foil stamping or embossing
- Traceability options include bar coding and RF tagging
- The positive interlocking foot design permits fast and safe stacking
- Ventilated folding container
- Suitable for fresh produce and retail supply chains
- Container use and performance unaffected by moisture
- Robust construction design ensures maximum product protection
- Quick and efficient assembly
- Compatible with automation systems
- Ergonomic handles reduce pulls and strains when lifting

# SMALL FOLDABLE CONTAINER DATA SHEET:

## DURABLE VENTED FOLDING CRATE FOR FRESH PRODUCE

### BENEFITS

- Folds down at a 6:1 ratio, maximising storage space when not in use.
- Cost saving and optimisation on transport expenses.
- Rounded corners and smooth interior surfaces results in less bruising and damage to your produce.
- Multiple vents in sides and base provide superior air flow so products cool faster adding valuable shelf-life to your produce.
