

## UV Enclosed Laser Galvo Marker

**5W - 15W**

- **Working Area:** 3.9" x 3.9"(100 x 100mm)/5.9" x 5.9"(150 x 150mm)/7.9" x 7.9"(200 x 200mm)
- **Wattage Available:** 5W / 10W / 15W
- **Laser Generator:** UV Inno Laser
- **Laser Type:** UV Laser 355nm Wavelength
- **Power Supply:** AC 110V  $\pm$ 10% 60 Hz
- **Overall Power:** <1600W
- **Maximum Moving Speed:** 8,000mm/s (315 inch/s)
- **Cooling:** Water Cooled
- **Working Environment:** Temperature range: 15°C - 30°C / Humidity range: 5% - 85%
- **Dimensions:** 27"x36"x63" (680mm x 900mm x 1600mm)
- **Gross Weight:** 550 lbs (250 kg)
- **Other Features:**
  - Cold laser beam source. Small laser beam width offering a high precision marking
  - Engraves a wide variety of materials.
- **Included with purchase:**
  - Operating Software
