Description

Fortify your body's resilience and longevity. This potent blend of root, bark, berry and floral alchemy mobilizes your defenses against any assault on your health while you travel.

Close quarters, re-circulated air and stressful conditions put your body on the defensive to unwelcome bacteria and viruses, but this blend of wellness guardians has your immunity covered.

Plant Alchemy Activated

Cats Claw and Ginger keep viruses from invading; Elderberry flexes serious anti-microbial strength, while Acerola and Echinacea join forces to stimulate your body's natural defense mechanisms. Turmeric and Astragalus tackle that inflight inflammation while Pau D'Arco keeps those free radicals under control. Topped off with coconut juice powder to keep you hydrated. *

Together, we're covering all your immunity bases with the best in the business.
