

neutralize formula

Description

Shield your cells from cosmic and industrial radiation. This star-struck mix of powerful antioxidants rebalances your system as it neutralizes the negative effects of free radicals.

While security checkpoints increase airport safety and high cruising altitude conserves fuel, both expose our bodies to excessive radiation. Deactivate any free radical assault with this otherworldly blend of fruit, floral and herbal antioxidant specialists.

Plant alchemy activated

Bilberry supports your skin shields to keep free radicals out; for those that get in, Grape Seed is ready to join forces with Turmeric and Rosehip to hunt them down and neutralize. Rosemary backs them up as yet another potent free radical scavenger. Pomegranate flexes its antioxidant and polyphenol muscles while Milk Thistle supports liver function as your body naturally works to detoxify the effects of radiation exposure. Meanwhile Sea Buckthorn has your whole system covered as it reduces oxidative stress, boosts immunity and helps keep bacterial infections at bay while keeping moisture in the body along with Coconut.*

Every inch of your body will be shielded from free radical damage when you fly with this crew of cosmic crusaders.

Taste test

Pomegranate enhances the fruity tones of this floral, herbal blend. To savor the flavor, drink it cold.

Ingredients

No nuts, soy, dairy or sugar

Organic

Non-GMO

Vegan

Gluten-free

More than 90% of our ingredients are certified organic, and we are working with our manufacturer to tip that to 100%. For now, the ingredient exception in Neutralize is Stevia.

Benefits that rebalance the body

- Reduce effects of oxidative stress
- Anti-inflammatory, antibacterial activity
- Hydration
- Stimulate immune system
- Increase skin health

How to neutralize on Local Time

Designed to be mixed with liquid, ideally cold; drink as part of your wellness travel ritual.

in-flight

Take 1 Neutralize shortly after takeoff.

on arrival

Take 1 Neutralize again upon arrival.

post arrival

To help your body recover from the oxidative stress of flying, take 1 Neutralize for two additional days post-flight.

Paying Your purchase forward

We direct a portion of every Local Time sale directly to the reforestation efforts of Tree Sisters.

Amplify the impact of neutralize

- Avoid unnecessary oxidative stress by steering clear of second-hand smoke, car exhaust, unhealthy cosmetics and fried foods.
- Mindful breathing exercises boost oxygenation to the blood and helps to flush out toxins and free radicals while reducing inflammation.
- Get outside or to the gym after arrival – exercise helps the body to remove toxins more quickly.
