About

Welcome to the Future of Pet Safety with MindMe!

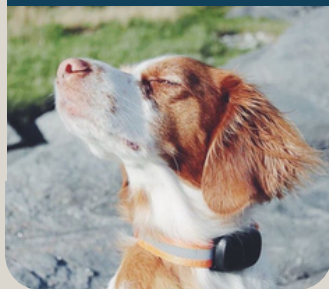

MindMe Pet Mini

MindMe Pet trackers are available in two sizes the MindMe Pet Mini & Max, they combine the latest 4G LTE-M mobile network

and GPS for optimal pet safety and monitoring. It offers seamless monitoring through the free KatchU mobile app, providing real-time insights into your pet's location and activity. The live tracking feature ensures you stay connected, while the virtual fence feature sends notifications if your pet ventures beyond your pre-set boundaries. Designed with a long-lasting battery, it will accommodate your pet's lifestyles.

MindMe Pet Max

Why MindMe Pet?

Light & Small

MMPMAX – 61mm x 35mm x 16mm, 30g
MINPMINI – 36mm x 17mm, 19g

Connectivity
