## **Flybotix ASIO PRO Drone**

#### The complete indoor, confined space inspection solution to streamline your missions!

This revolutionary drone is designed to help you perform fast, efficient, and safe inspections in your industrial assets. ASIO can fly for up to 24 minutes, leading to more than twice the time on site to perform the inspection and extend the accessible range by a factor of two.

#### **APPLICATIONS:**

- Confined space inspections
- · Renewable energies wind turbines, hydropower penstocks
- Oil & gas smokestacks, tanks, oil rigs, refineries
- Smart cities wastewater & storm sewers, drainage systems
- Chemical plants, security, elevator shafts, power plants

## **ASIO Features**

The flying unit

- Up to 24 minutes flight time
- 1 kg (2.2 lbs) total mass
- Ø395 mm, Height 290 mm
- 80 dB @ 1 m noise level
- ±90° Camera gimbal range
- Super bright obligue lighting
- 0 to 40° (32 to 104 F) temp. range
- Up to 3.5 m/s collision resilience
- Battery Management System
- 20 sec battery swaping time
- 1.5 h (80% in 40') batt. charge

### **ASIO Flight Features**

The flight app

- Remote FHD live stream
- 4K & Radiom, IR cameras
- Visual-lock (GPS free stab.)
- Wall-lock stabilization
- Ground-lock stabilization
- Roof-lock stabilization
- Obstacle repulsion
- Rewind flight-path
- Photogrammetry mode
- Recovery mode
- Image ISO control

## **ASIO Explore Features**

The post-processing app

- 3D map generation (p. cloud)
- POI localization
- Video & 3D map sync.
- Real temperature monitoring
- Custom report generation

### **Product Specifications**

### What's In Your Box

- ASIO Drone
- 3x Battery Packs
- 2x Pairs of Spare Propellers
- Safety Vest
- Toolkit & Manual
- Remote Control
- ASIO Range Extender (Optional)
- Spare Cage (Optional)
- Battery Charger

Flight time:	up to 24 minutes
Weight:	1kg (2.2 lbs)
Dimensions:	Ø395mm, H295mm (Ø15.6in, H11.6in)
Max transmission distance:	outdoor: up to 16km (direct line of sight); indoor: tested from basement to 2nd floorLED
Lighting:	max 10K lumen, dimmable and adjustable
Noise:	level80dB @ 1m; 70dB @ 5mRGB
Camera:	true 4K @ 30 fpsIR
Camera:	160x120px @ 9fps
Pictures resolution:	0.2mm/px @ 30cm
Gimbal system:	±90° (damped)
Advanced algorithms:	Autopilot; Wall-lock; Wall-scan; Obstacle repulsion; Safety slowdown; Rewind; Self-righting; Auto-landing
Operating temperature range:	0°C to 50°C (32°F to 86°F)
