Heron Water Level Meter Dipper-T

Pine Item #51714

DESCRIPTION:

The dipper-T Water Level Meter materials are top quality and one of the most reliable water level meters available using the best available heavy duty tape (tested by the manufacturer to ensure compliance with appropriate ASME standards) with a breaking load of over 300 pounds (150 kilos). The tape is made from stretch resistant, high tensile steel.

FEATURES:

- Easy to read heavy duty polyethylene jacketed tape with stainless steel conductors
- Tape scales are printed on the steel tape beneath the jacketing to ensure legibility
- Water and dust proofed IP68 electronics on a removable front panel housing the single 9V battery drawer audible and light signal sensitivity control and circuit test button
- Third Hand feature allows the unit to be hung on the well casing while test results are recorded
- Standard tapes are marked in feet and 100th/ft. or meters and mm

Product Specifications

Reel Weight	2.4Kg
Height	356mm(14)
Width	279mm(11)
Depth	241mm(9.5)
Probe Weight	158g
Length	213mm(8.4)
Diameter	16mm(0.625)
Depth Rating	Full Length of Tape
Wetted Materials	Stainless Steel Viton Delrin and Teflon
Power Source	9 Volt Alkaline
Operating Mode	Static/DrawDown
Sensitivity Control	Stainless Steel and Aluminum construction
Audio/Visual Indication	Ultra bright Red LED and 80dbi buzzer
Tape Jacketing	polyethylene
Tape Conductors	7 strand(4 Stainless Steel and 3 Copper)
