Heron Little Dipper - Water Level Meter

Pine Item #51725

DESCRIPTION:

A small low cost water level meter with all the quality features of the larger units. The fully submersible standard 5/8 inch (16 mm) dia probe makes it an ideal instrument for narrow piezometers, direct push equipment and standpipes. The compact size and light weight of the little dipper is an advantage for carry in sites where portability is a concern.

FEATURES:

- Tape length 75 ft (22m)
- Light weight & portable
- Easy to read accurate (ASME Standard) heavy duty polyethylene jacketed tape with stainless steel conductors.
- Fully submersible standard 5/8 inch dia.(16 mm) stainless steel and FEP probe.
- Modular electronic panel with battery draw, audible signal and light, sensitivity control and circuit test button.Environmentally protected encapsulated circuitry for durability.
- Carry bag included
- *3 year limited warranty.
