

Casella CEL

Casella CEL-260 Class 2 Calibrator

Pine Item #54990

DESCRIPTION:

The CEL-320 and CEL-360 Noise Dosimeters have been developed from the successful CEL-420/460 range of instruments by adding features and improving the control procedures. They measure the frequency weighted noise exposures and peak sound levels simultaneously. The dosimeter microphone and lead on both models can be replaced by a sound level meter microphone to offer comprehensive sound level measurement. The CEL-320/360 series instruments have the following features.
